HAZARDOUS WASTE MANAGEMENT FACILITY PERMIT

Facility Name and Location: Michigan Disposal Waste Treatment Plant
49350 North I-94 Service Drive
Belleville, Michigan 48111

Owner: EQ – The Environmental Quality Company
36255 Michigan Avenue
Wayne, Michigan 48184

Operator: Michigan Disposal Waste Treatment Plant
49350 North I-94 Service Drive
Belleville, Michigan 48111

U.S. EPA Identification Number: MID 000 724 831

Effective Date: September 11, 2007

Expiration Date: September 11, 2017

Authorized Activities:

The United States Environmental Protection Agency (“U.S. EPA”) hereby issues a Resource Conservation and Recovery Act permit (hereinafter referred to as the “permit”) to the Michigan Disposal Waste Treatment Plant (hereinafter referred to as the “Permittee” or addressed in the second person as “you”) in connection with the hazardous waste treatment operations at the Michigan Disposal Waste Treatment Plant facility located at 49350 North I-94 Service Drive, Belleville, Michigan.

This permit is issued under the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, and the Hazardous and Solid Waste Amendments (“HSWA”) of 1984 (42 USC § 6901 *et seq.*) (collectively referred to as “RCRA”) and U.S. EPA’s regulations promulgated thereunder (codified, and to be codified, in Title 40 of the Code of Federal Regulations (“40 CFR”)).

The RCRA permit consists of both this permit, which contains the effective Federal RCRA permit conditions, and the effective State RCRA permit conditions issued by the State of Michigan's RCRA program authorized under 40 CFR Part 271 (hereinafter called the "State RCRA permit"). Any hazardous waste activity, which requires a RCRA permit and is not included in the RCRA permit, is prohibited.

Permit Approval:

On October 30, 1986, the State of Michigan received final authorization pursuant to Section 3006 of RCRA, 42 USC § 6926, and 40 CFR Part 271, to administer the pre-HSWA RCRA hazardous waste program. The State of Michigan also received final authorization to administer certain additional RCRA requirements on several occasions since then.

However, because the U.S. EPA has not yet authorized the State of Michigan to administer some hazardous wastes listed in 40 CFR Part 261, Subpart D, the U.S. EPA Region 5 is issuing this portion of the RCRA permit to cover operations at the facility which manage wastes for which the State of Michigan is not authorized.

You must comply with all terms and conditions contained in this permit. This permit consists of all the conditions contained herein, the documents attached hereto, all documents cross-referenced in these documents, approved submittals (including plans, schedules and other documents), the applicable regulations in 40 CFR Parts 124, 260, 261, 262, 264, 268, 270, and applicable provisions of RCRA.

This permit is based on the assumption that the information submitted in your RCRA Part B Permit Renewal Application dated April 30, 2004 and subsequent responses and modifications (hereinafter referred to as the "Part B Permit Renewal Application") is accurate, and the facility is configured, operated and maintained as specified in the permit and as described in the Part B Permit Renewal Application and other relevant documents.

Any inaccuracies in the submitted information may be grounds for the U.S. EPA to terminate, revoke and reissue, or modify this permit in accordance with 40 CFR §§ 270.41, 270.42 and 270.43; and for enforcement action. You must inform the U.S. EPA of any deviation from, or changes in, the information in the Part B Permit Renewal Application and other pertinent documents that might affect your ability to comply with the applicable regulations or conditions of this permit.

Opportunity to Appeal:

Petitions for review must be submitted within 30 days after the U.S. EPA serves notice of the final permit decision. Any person who filed comments on the draft permit or participated in the public hearing may petition the Environmental Appeals Board to review any condition of the permit decision. Any person who failed to file comments or failed to participate in the public hearing on the draft permit may file a petition for review only to the extent of the changes from the draft to the final permit decision. The procedures for permit appeals are found in 40 CFR § 124.19.

Effective Date:

This permit is effective as of September 11, 2007 and will remain in effect until September 11, 2017, unless revoked and reissued under 40 CFR § 270.41, terminated under 40 CFR § 270.43, or continued in accordance with 40 CFR § 270.51(a).
