RE: Status of Class C Recycling Permit 1RC/2005

Dear Mr. Fernbacher:

Please accept this letter to confirm that the permits and conditions of the permits for Veolia ES Technical Solutions, L.L.C. (Veolia), located at 230 Canton Street, Stoughton, MA 02072 are still in force as of today. Although the permit document lists May 20, 2010 as the expiration date, the permit requirements and status remains active. Veolia is in the permit renewal process and the current permit is active. The current permit remains in force until a new permit is issued or the renewal application is denied. Veolia believes that the current permit renewal application process will result in the issuance of a new permit.

If you have any questions concerning this please do not hesitate to contact myself or Ms. Anna Stern, at the Massachusetts Department of Environmental Protection. She may be reached at phone number 617-292-5904.

If you have any questions or comments, please do not hesitate to contact me at your convenience.

Sincerely,

A handwritten signature in cursive script, appearing to read "Paul J. Conca".

-----  
 This is to certify that the above named company is authorized to manage regulated recyclable materials pursuant to M.G.L. Chapter 21C and 310 CMR 30.200.

This permit authorizes recycling of the following materials only:

<u>Material Description</u>	<u>EPA Waste Code</u>	<u>Amount</u>
Mercury Contaminated Waste	D009, U151*, D006* D008*, MA95**, MA99	Total - All Waste Codes Included 30,000 tons / year
Elemental Mercury Waste	D009, U151	

\* As these waste codes pertain to the identification, classification and receipt of mercury contaminated articles.

\*\* As this waste code pertains to the identification, classification and receipt of mercury contaminated articles, under the Universal Waste Rule at 310 CMR 30.1000.

DESCRIPTION OF RECYCLING OPERATIONS

Reclamation of mercury from mercury contaminated manufactured articles (MCMA).

Reclamation of elemental mercury waste classified as spent material.

Reclamation of elemental mercury waste classified as off-specification batches of commercial chemical products or discarded commercial chemical products or spill residues of either (310 CMR 30.133). It does not include reclamation of chemically bound mercury.

This information is available in alternate format. Call Debra Doherty, ADA Coordinator at 617-292-5565. TDD Service - 1-800-298-2207.
